## Inspiring Figuratives for Artist series

The purpose of the *Inspiring Figurative for Artists* series is to provide study materials for the artistic praxis of artists who are trying to master the human form. The Figuratives in this book are simple in their composition.

*Inspiring Figuratives for Artists* is a series of books to help you with your *Figurative* artistic praxis. If you master the *Figurative* ... it is said you can master art.

The two hundred pictorials found in this book is a collection of Figuratives of subjects in the sun. Many of the black and white pictorials come from European sunbathing and naturalism magazines from the 1950's.

Many of the color pictorials are from a variety of contemporary amateur photographers. In each *Figurative* in this book search for vanishing points, as well as balance, and how the surroundings relate to the models.

This book is the tenth in the *Inspiring Figuratives for Artists* series for artists wanting to expand their praxis brought to you by *Atelier Press*.
